

**MBS15 Dawn****RT 25/4/89** [NAME OF SCHOOL] – 5<sup>th</sup> form centre

1. Age 16, ESW, doing GCSE's and going to [NAME OF COLLEGE] to do 'A' levels, wants to be a social worker, lives at home with her family, heterosexual.
2. Small, youngish looking, ginger and freckly, scally looking.
3. Very quiet and wary. Again, not used to being asked her opinions of things, mostly yes/no.
4. Sex Ed: None from home, a little from school (they have a PSE lesson), a bit from tv.

AIDS: Little knowledge, condoms. Little depth of knowledge about contraception.

RISKS: Seems to be very hardworking and quite serious, takes few risks.

Safe Sex: Condoms.

Relationships: Has had one sexual relationship out of curiosity. She didn't like it calling it boring and said that it hurt. She didn't want to talk about the detail. The boy finished with her but she did not feel used.

Sexuality: This experience put her off sex for a while. Isn't planning a sexual relationship in the near future but still has boyfriends.

Peer group: Has one best friend (female) who used to go to her school but has moved to a different area, but they continue their relationship.
