

AMD08 Sophie 27/4/89 RT (medical room of [NAME OF SCHOOL])

Third interview of the day for me, so wearing a bit thin.

1. 18/19

Lives in student accommodation and goes home to her parents on the weekends.

Now doing B Tech beauty therapy. Previously was at a private girl's school taking 'A' levels. Didn't like it and left to come to this course.

2. Appearance similar to that of many of the bt's, I think that they have to be made up etc. all part of the training. Was relaxed and easy to talk to. (Incomplete field notes)
